

OPL

Our company has worked with OPL since 1985 and personally I have known them since 1987.

We have their equipment, washing machines and dryers at 17 sites, a mix of sheltered accommodation, hostels and care homes.

They have given us excellent service for more than a quarter of a Century and we look forward to a continuing association with them.

A handwritten signature in black ink, which appears to read "Reg Wickings". The signature is written in a cursive, flowing style.
