To whom it concerns,

We are pleased to say that we have approached OPL.ltd. For various properties and the need for laundry equipment.

I can say that the response to the request was dealt with in good time and that the lease contracts are of favourable costs.

Over the last years of the lease contracts with OPL.ltd. I have been pleased with the timely responses to general day to day issues which have been dealt with in good time.

I would recommend OPL Ltd. to any prospective clients.

Yours Truly
